

THE PROPOSED GUIDELINES FOR HOUSE REFLECTIVE NUMBERING:

All houses and structures shall properly display at the front thereof, in a position easily observed from the street on a year round basis, the proper number of the building assigned by the Town. Signs must be posted according to the rules of the § 5.3 of The Zoning Bylaws and § 148.10 of the General Town Bylaws.

In cases where a house, business or structure is not visible from the street, or the distance is too great for a reasonable size number to be easily seen from the street, a sign, no larger than twelve (12) inches by twelve (12) inches with numbers not less than three (3) inches in height and one and one quarter (1.25) inches in width, shall be posted at the street end of the driveway, and on the same side of the street, in such a way as to be seen by emergency vehicles approaching from either direction. This sign may be substituted by numbers not less than three (3) inches in height and one and a quarter (1.25) inches in width on both sides of the mailbox only if the mailbox is located at the end of the appropriate driveway and on the same side of the road.
